Item # EJECT-IT #33, Eject-It #33 - Petrolease

Eject-It #33 - Petrolease

Non-Silicone #33 works for rubber molds, molded rubber and releases almost everything from anything. It also contains an FDA regulated active, for use with food and medical applications. PETROLEASE has extensive applications for prototyping and pattern work. #33 also works well for RTV and tin or platinum curing elastomers.

Available in aerosol, non-pressurized liquid and undiluted bulk concentrate.
